

SWIMMING LESSON POOL RESTRICTIONS DUE TO COVID-19

During this time, we are taking extra precautions to ensure the safety of all pool users.

- **No locker rooms are available.** We recommend that swimmers come in their suit. However, we do have temporary changing stations in place on the pool deck for you to use.
- Bathrooms are available.
- Belongings will be placed on chairs that are spaced at least 6 feet apart around the pool.

- All pool users must shower off at the pool deck shower prior to entering the pool.
- **Please bring your own set of goggles** as spare goggles will not be available.

Parents:

- We ask that only one parent come to the lesson, and if possible, please do not bring other children to observe. We will only have chairs available in the pool for the swimmers to put their belongings on. You may observe from those chairs, but please refrain from engaging with your swimmer or socializing with other adults. Social distancing must be maintained.
- Face coverings are required at all times in the pool area, including children ages 6 and older. Masks should be removed just before showering and getting into the water.
- The PACC is only open to 24/7 access members on Sundays. Therefore, if you do not have a 24/7 access pass, you may not be in any other part of the facility while your swimmer is in the pool.

What Level should I put my swimmer in?

Based strictly off of a child's age, we recommend the following:

- Six months to three years old should attend a parent-child lesson with a parent in the water.
- Three to five years old should attend a preschool lesson.
- Five years old and older should attend a Learn to Swim lesson.
- We recommend anyone over the age of sixteen to enroll in our private lesson program.

We hope to see you at the pool soon!

Cassie Meyer, Aquatics Director
