

PACC

WINTER WEATHER POLICY

When there is a winter weather advisory or warning the PACC will open at 8 am or make the decision to close for the day by 8 am.

In the event that we are opening up at 8 am all classes schedule from 6 am to 8 am will be cancelled. All classes taking place after 8 am will remain scheduled and will be at the instructor's discretion. If you are wondering if a class or program is happening on the days we are two hours late please call 218-346-7222 as we will update our phone system with the most current information, or get on the class email or contact list. If weather moves in while we are open, the PACC will remain open as long as is reasonable to do so and allow staff to get home safely.

Our staff and member safety is of the utmost priority to us and all decisions will be based on this process as we have many staff and members that come from outside of Perham. Any updated weather information can be found on the PACC Facebook page, on the PACC website, or call into our phone system and listen to the greeting as we will update that with the most current information.

If in doubt, please call the Front Desk at 218-346-7222 before traveling to the PACC. Those with 24/7 access will still be able to enter the building, but we do encourage people to stay safe.
